Everything has been designed to meet each guest's unique needs in a setting of superlative comfort and tranquillity.

Our therapists work in harmony with the natural world, using only the purest products from our natural skincare partner, Tata Harper, and our own Xigera line. Soul-soothing, individually customised treatments focus on the senses, re-energising and nurturing body and mind.

Each treatment, utilising specially sourced natural ingredients, incorporates three pillars of wellness:

Restore - to revert to our natural essence
Calm - to soothe away stress and anxiety
Purify - to reveal our inherent purity and find inner peace

Let us take you on this journey of relaxation and wellness in the heart of the largest oasis in Africa.

TATA HARPER®

Uncompromising beauty and absolute purity are the hallmarks of the Tata Harper skincare range. A pioneer in natural luxury skincare, founder Tata couldn't find 100% natural products that were up to her impeccable standards of efficiency, quality, and purity. So she started to make them - for herself, and for women like her who refuse to compromise their health for beauty.

Tata Harper packs the most ingredients at the highest levels of concentration to deliver maximum results - without a single drop of artificial chemicals. At her organic farm in the Champlain Valley of Vermont, Tata and her team of green beauty engineers practice science in the context of nature. Using more than 400 ingredients sourced from 75 countries, they develop nature-derived formulas with the highest-powered ingredients and latest technology.

All Tata Harper formulas are engineered, batched, and filled on our farm to create the freshest skincare possible. They are 100% free from GMOs, toxins, fillers, artificial colours and fragrances, and synthetic chemicals.

THE HAND-SELECTED INGREDIENTS INCLUDE:

- AFRICAN WILD GRAPE
- EDDELWEISS STEM CELLS
- INCA INCHI
- POMEGRANATE HYDROSPHERES
- NARCISSUS BULB EXTRACT
- GRAPE POLYPHENOLS
- FERMENTED GIANT BAMBOO

The brand's crown of flowers is its stamp of approval that its products are of the highest quality and freshness possible. The entire line is certified by Ecocert, the most rigorous organic certification body in the world. Additionally, products are certified as Peta Cruelty-Free and Vegan, and are endorsed by the Leaping Bunny Association, and the American Vegetarian Association.
